

COVID-19:

KEEP YOUR FAMILY SAFE

In addition to all the preventative measures taken on jobsites to protect you from exposure to COVID-19, consider following these additional proactive measures at home:

FREQUENT HANDWASHING

Clean your hands for 20 seconds with soap and water as soon as you arrive home.

DISINFECTING SURFACES

Clean high-touch surfaces, like doorknobs, tables and handrails, with disinfecting wipes or spray regularly with a disinfectant.

REDUCING THE SPREAD

Avoid touching your face and cover coughs and sneezes with a tissue or elbow.
